Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Monday 31 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Fine, dry and sunny today. Low cloud lingering on coast.

Today:
Low cloud and fog will retreat back to North Sea coastal areas, where it may linger all day in some spots. Feeling cool where low cloud lingers. Elsewhere, fine and dry with plenty of warm sunshine, especially inland. Light winds. Maximum temperature 22 deg C (72 deg F).

Tonight:
Dry with clear spells overnight. Low cloud in the North Sea coastal areas will spread westwards into eastern coastal counties. Feeling cool in some prone rural spots. Minimum temperature 5 deg C (41 deg F).

Tuesday:
Early low cloud will retreat back to North Sea coastal areas, where perhaps lingering all day in some spots. Elsewhere, fine and dry with plenty of sunshine. Warmer than Monday. Maximum temperature 23 deg C (73 deg F).

Outlook for Wednesday to Friday:
Fine and dry with sunny spells on Wednesday, and breezier. A weakening band of showery rain moves northeastwards during Thursday. Mostly dry on Friday, with the chance some showers.
